

Management of Risk and Uncertainty

An IRM-accredited course

Audience

Senior Managers - who are responsible for corporate governance in their organisation.

Individuals - with responsibility for managing risk in their operational roles.

Insurance managers - insurance brokers whose traditional role is expanding to meet the new challenges of managing risk and uncertainty.

Health and safety practitioners - who need an understanding of the wider context of risk management.

About the course

Every business has a range of risks. Identifying risks and learning to manage them is a key skill that all managers need to enhance business performance and meet good standards of corporate governance. This new course gives the knowledge and practical skills to help managers and other professionals deal effectively with business risk. Developed by the Institute of Risk Management, the course is accredited to only a few specialist providers, approved and licensed by the Institute. Cundiff & Mills Consulting Limited has been granted a licence by the Institute in recognition of its strong expertise in all aspects of risk management.
