

Association for Project Management

APM Risk SIG

Jeremy Harrison
Chairman

Association for Project Management

Risk SIG

■ Objectives/Purpose

- Raise profile of 'project' risk management as a discipline
- Provide forum for sharing experience and knowledge
- Promote best practice, through development of guides
- Establish specific qualification standards for APM qualifications
- Promote links with other recognised 'risk' bodies
- Provide a forum for sharing latest tools and techniques
- Develop a network with people from similar/different roles/positions

■ Scope

- Management of risk within programmes and projects and the risk to the business from undertaking the projects (i.e. their context)

Association for Project Management

The Risk SIG

- Meet quarterly
- 400+ on database of members
 - Wide range of backgrounds (consultants, practitioners, trainers, major organisations)
- Attendance at meetings circa 50 (often limited by venue sizes)
- Special events
- Workshops – biannually on 'hot' subjects that interest the members
- Article output of workshop in Project
- Develop guidance notes e.g. PRAM Guide
- Knowledge Sharing Networks (KSN) –
- Sponsor/ organise Risk Conferences
