

irm People, Communication and Behaviour SIG

January 2008

NEWSFLASH

Many of you will be aware that the **irm** flagship event, the **RISK FORUM**, will take place this year on 17th September (a Wednesday) at Hatfield, Herts.

THE LEARNING ZONE

Some of you are no doubt involved with running workshops in your specialist area – if so we wish you well. Also, the SIG would like to run a workshop, based mainly on the theme of our research as reported in the *NEWSLETTERS* to date. We would have a presentation team of perhaps three people.

Mike Ocock and I are meeting later next week to discuss our submission to Catherine Tasker at the office, which has to be in by the end of this month.

Action needed

If you would wish to be considered for inclusion within the presentation team or have any strong views on the subject, could you please let me know by:

- **this coming Wednesday 23rd January.**

Bruce Widdowson,
Secretary, People Communication and Behaviour SIG.
