

Moving the SIG forward

Next Years Plan

Construction Risk! SIG

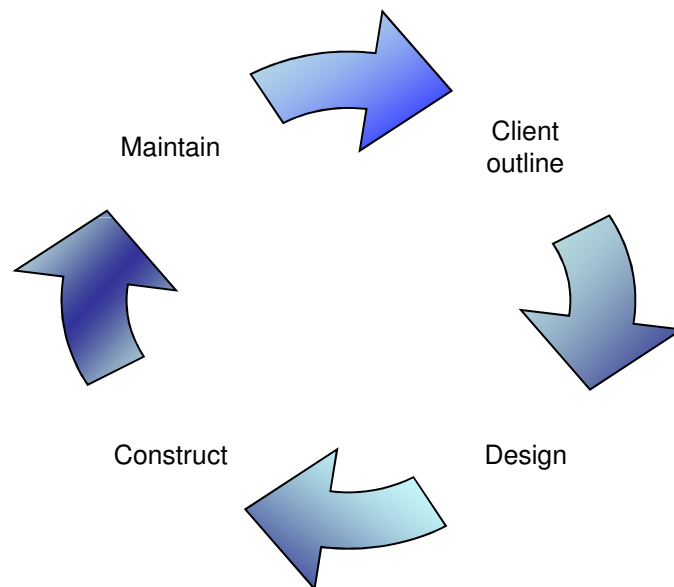

From finance, design, engineering and construction to the maintenance lifecycle...

You decide!

- We (the SIG team) want you to decide how the SIG goes forward
- We have 2 choices
 - Continue as is...
 - to improve the knowledge we have in the areas
 - Evolve it to a new cycle

Option 1- Improve the Existing

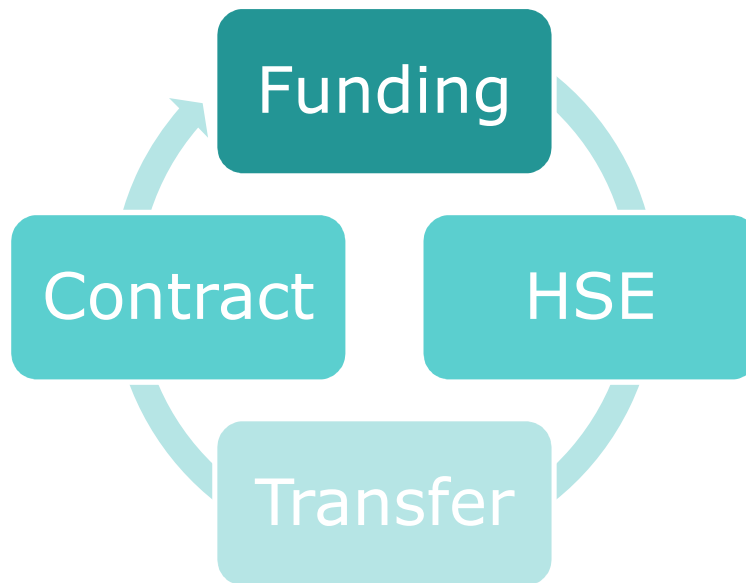

- Client
 - What they want to construct
- Design
 - Planning resource
- Construct
 - Construction safety
- Maintenance
 - A different type of asset maintenance

From finance, design, engineering and construction to the maintenance lifecycle...

irm

Option 2 - Evolution

- Banks
 - Funding a project
- EA/HSE
 - What is construction excellence
- Insurance
 - Risk Transfer
- Lawyers
 - Stopping / managing disputes

From finance, design, engineering and construction to the maintenance lifecycle...

New members

- Chair is resigning
- We need new members to improve the team
- We need to appoint a new Chair
