

Invitation

Institute of Risk Management Qatar Regional Group

Best Practices in Tank Farm Fire Protection

Presentations and Round Table Discussion

19th May, 2010

Merwebhotel Central Doha, Ras Abu Abboud, Old Al Ghanam, Doha

- What are the key risks and how are they mitigated ?
- What lessons have can we draw from past incidents and how are they incorporated into current practices?
- What are the roles of different parties – site owners, contractors, emergency services, etc?
- What are the direct and indirect costs of such incidents ?

The above questions and others will be addressed in series of presentations from experts in this field, followed by a panel discussion / Q&A session.
