Risk management in Oil & Gas, Energy and Renewables

IRM is the leading professional body for Enterprise Risk Management (ERM). We drive excellence in managing risk to ensure organisations are ready for the opportunities and threats of the future.

Owing to high demand we are now launching a virtual Special Interest Group for **Oil & Gas, Energy and Renewables**. This will provide a network for risk management professionals in the industry to drive Thought Leadership publications.

Companies that have expressed an interest include:
- Amec Foster Wheeler
- BP Europa
- DNV Oil & Gas
- Kibar Holding
- MOL Group
- NAMCOR
- PETRONAS
- PremierOil
- QatarGas
- Red Rock Power Limited
- SBM Offshore

**Risk Management training for Oil & Gas**

This 3-day training course covers the fundamental aspects of ERM, specifically tailored for the Oil & Gas sector. This will initially be held in Dubai, however in-house training options are also available across all oil producing regions.

To learn more about training options please visit [our website](#) or contact [training@theirm.org](mailto:training@theirm.org).

So what now?

Visit [our group page](#) to register your interest and to complete a short survey to contribute to the group’s agenda and influence Thought Leadership.
